

Welcome back! We hope you had a fun Easter break and are as excited as we are to start a new term with some sunshine!

Topic

This term our topic is '**What a load of junk!**' This should be a great choice, as it really allows the children to go anywhere and everywhere - reading Iron Man, watching Wall-E, designing robots, computing, learning about recycling and rubbish heaps - we will try to cover as much as possible!

Please see our topic plan for further details. We will continue to send out a weekly update to help initiate discussions with your child about their learning and will also provide ideas for continuing learning at home - hopefully you are finding these helpful.

Reminders

Please ensure all PE kits are in school every day as we may have impromptu lessons if the weather continues to be glorious. All clothing should be clearly named and put in a named bag too as this makes it easier for the children to keep their items safe. As the weather begins to improve please remember to send your child to school with a named water bottle, sun hat and sun cream in line with school policy.

We use the school field at playtimes and children are required to change their footwear. Please check that your child's trainers/plimsolls fit.

Spellings and homework

Spellings are still being sent home for your child to practise and they should continue learning their high frequency words as well. Year 2 will have specific SATs based homework and Year 1 will have MyMaths this half term. Please also continue to change books regularly and read at home. We thank you for your ongoing support with homework, reading and spellings. We appreciate the time you have taken as it enhances the link between home and school learning.

Thank you  
Miss Betts and Mrs Eland
