All resources will be provided by event organisers although children must bring:

Drinks - Snack - Lunch

Appropriate clothing for sport and craft activities.

Craft activities

This part of the day will focus on a variety of activities.

The children will be able to design, make, decorate and colour from a choice of many resources.

Food based activity

During this activity the children will have the opportunity to design and make numerous autumn/fireworks related goodies (no cooking appliances will be used by the children).

Gymnastics

The children will learn skills through acrobatic, rhythmic and artistic gymnastics.

We have switched our activity days around so that we can finish up the day by learning and then performing a fireworks themed routine for all of the parents. We ask that you arrive by 2.45pm so that we can begin our show for you.
