

Loddon Cluster Parent Support Adviser

Information for Parents

My name is Sally Hitchcock and I am one of the Parent Support Advisers who work within the Loddon Cluster. I can offer support, advice and information to parents/carers.

I may not have all the answers, but will try to help you work out how to find them.

For instance, I can help parents and children by:

- ◆ helping when starting or moving between schools and support when parents may be considering a change of school setting for their child
- ◆ identifying specialist services and other agencies (both voluntary and statutory) available to help parents and children
- ◆ supporting behavioural issues at home and in school
- ◆ helping to prevent problems becoming more difficult within the family and/or school
- ◆ supporting parents to enjoy a positive relationship with school staff
- ◆ helping where attendance or exclusions may be a concern
- ◆ supporting you when you meet with teachers or other professionals and at multi-agency meetings
- ◆ getting the most out of school life by helping parents and children to join in the various activities of the school
- ◆ providing support where there has been a bereavement, parental separation or any other event where family members may be struggling to cope
