

## English

We will be:

- Looking at poetry and comparing the different styles of a few well known children's poets.
- Using our class reader to begin building and developing our inference skills.
- Consolidating all the Year 3 SPaG skills and techniques by creating fiction and non-fiction pieces of writing.

## Maths

We will be:

- Continuing to develop our fractions skills by finding fractions of numbers and amounts.
- Practicing measuring time.
- Increasing our knowledge of shapes and their properties.
- Practicing measuring mass and capacity.

## Art

We will be:

- Comparing British and European art and artists.
- Practicing drawing bodies.

## Computing

We will be:

- Applying our word processing skills to PowerPoints to create interesting presentations.

# Victorians

## Science

We will be:

- Researching a number of famous scientists.
- Investigating forces and magnets.

## History and Geography

We will be:

- Investigating the reign of Queen Victoria and how the Victorians came to build their empire.
- Discovering what life was like in a Victorian prison and looking at the developments in crime and punishment in Victorian Britain.
- Investigating the development of the Railways and their impact in Great Britain
- Using geographical skills to map out some key railway routes.
