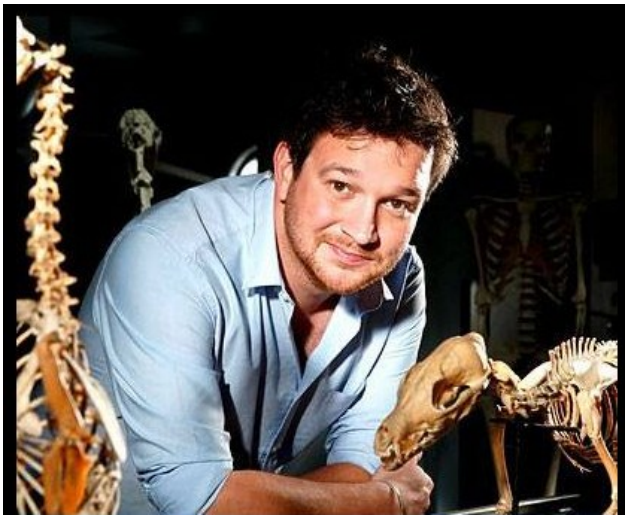
Hobart High School

Presents our Science Community Lecture



Ben Garrod
'Now we must redefine man'
Science Lecture
Thursday 4 December 2025

Refreshments, Raffle and Cake sale from 6.30pm
(Please bring change)
Lecture 7.00pm to 8.00pm

We all like to think we're special, but according to science, and biologist, broadcaster and author Professor Ben Garrod, it's quite difficult to pin down exactly what it is that makes humans unique. After living and working with gorillas, chimps, sharks and even polar bears for many years, Ben reveals in this light-hearted, scientific talk there's actually very little that separates you from the rest of nature.

For free entry to this event please complete this form and return it to the school office, call or email office@hobart.org.uk. Seats will be limited and strictly on a first come first served basis.

I wish to reserve seats to the 'So you think you know about Dinosaurs' Lecture on **Thursday 4 December 2025**

Number of seats for lecture requested ☐
